

I AM PROUD

We didn't take the bailout.

I'm an American, I'm a Texan and I'm a Ford dealer. I feel honored and privileged to live and do business in Southeast Texas where a man's word really is his bond.

My dream was to be a Ford dealer. I am blessed to have a Ford store in Orange and in Winnie.

I'm proud of the Ford heritage, our quality, our record of more safety rated vehicles than any other manufacturer and our investment of more than \$22 billion in research and development of technologies such as eco boost, flex fuel, clean diesel, hybrids, electric and hydrogen cars.

The Ford F Series truck has been the best selling vehicle in the world for 32 years. When you drive the all-new 2009 model, you will agree that the streak will continue.

My employees work long, hard hours in the Southeast Texas heat and take pride in what they do. Two major hurricanes could not stop us and neither will a little economic slow down. Southeast Texans get the job done.

The support of our customers has enabled us to contribute more than \$100,000 in scholarships in Orange and Winnie over the last fifteen years.

Last year, we supported schools in West Orange-Stark, Little Cypress-Mauriceville, Bridge City, Orangefield, Vidor, Deweyville, Nederland, East Chambers, Hardin-Jefferson, High Island and Hamshire-Fannett by sponsoring drill team events, football kicking contests, football camps, 4H Club, Project Graduations, the National Champion Bridge City Strutters, Little League Softball and Baseball.

We express our appreciation to the community through support of CCA, Ducks Unlimited and The Texas Rice Festival.

Our customers trust us and have given us the opportunity to prove that we sincerely care about their vehicles and them as people. We have more than our fair share of customers who are completely satisfied.

I'm proud to invite you to my dealerships. If you have never visited us before, you'll be pleased to see first class operations in both Orange and Winnie. You'll find that what matters most is not us, but you. We're proud to be YOUR Ford dealer.

*Sincerely,
David W. Self*
