

I AM PROUD

I am proud to say I sell Ford vehicles. The product I sell is second to none. Ford has more top safety rated vehicles than any other manufacturer. Our quality is as good as or better than our foreign competitors. (I think its better!) I am proud to say that between 2005-2007 Ford has invested over \$22 billion in research and development of technologies such as eco boost, flex fuel, clean diesel, hybrids, plug in's and hydrogen cars. I am proud that for 31 years the Ford F series has been the best selling vehicle in this world, and when you drive the all new 2009 model you will agree that streak will continue.

I am proud that in these tough times Ford Motor Company did not take the bail out. Chief Executive Alan Malally says" Right now, I think with everything planned in the fiscal and monetary policy, I am very confident that we are going to start to turn things around through the second half of the year" and quite frankly so do I!

I am proud of the country I live in. We are free to pursue our dreams. My dream was to be a Ford dealer. Our soldiers have fought and died on many continents so we can live free.

I am proud to be a Texan from Southeast Texas. The people here are hard working, self sufficient, generous and kind. Two hurricanes could not stop us; neither will an economic slow down.

I am proud of my employees. They work hard in the southeast Texas heat, they put in long hours, and they are honest and dependable. They helped rebuild and remodel both stores no matter how badly damaged their own property was after both storms.

I am proud to say that in the last year we have been able to support West Orange Stark, Little Cypress Mauriceville, Bridge City, Orangefield, Nederland, East Chambers, Hardin Jefferson , High Island, and Hampshire Fannett schools with donations for perfect attendance, drill teams, field goal contests, football camps, project graduation, 4H Club, and FFA scholarships. The FFA scholarships have helped close to 100 students over the last 15years. We have sponsored the Bridge City strutters, Bridge City little league, CCA, DU and the Texas Rice Festival.

If you are in the market for a new vehicle I hope you will consider a Ford product. I will be especially proud if you consider doing business with me. David Self

Sincerely,

David W. Self
